

## **EPA Spill Prevention, Control, and Countermeasure (SPCC) Plans**

The Environmental Protection Agency (EPA) is amending the dates by which facilities must prepare or amend their Spill Prevention, Control, and Countermeasure (SPCC) Plans, and implement those Plans to November 10, 2010.

The Agency is also establishing November 10, 2010 as the date for farms to prepare or amend their Spill Prevention, Control, and Countermeasure Plans (SPCC Plans), and implement those Plans.

Additional information can be found on the EPA Website at:
